5. Quality Control Capacity

5.1 Overall situation

Is there quality assurance? ☒ Yes ☐ No

Own brand name : Red Star Wire
Screens

Own brand quantities : 11

5.2 Quality Management

Is there traceability identification of raw materials? ☒ Yes ☐ No

Are written instructions available for onsite material inspection/testing? Are the relevant records maintained?

- Has instructions and uniformly followed

Are the necessary items /documents provided at appropriate location and under control?

- Work Instructions /procedures

Are written inspections /testing instructions available for finished products and the relevant record maintained?

- Have instructions and uniformly followed

What type of inspection is used for finished products?

- Random inspection:
 - Visual inspection
 - Function inspection

Are non-conforming units clearly marked/ segregated to prevent accidental dispatch?

- Marked and segregated

How are the non-conforming units handled?

- Repaired and re-inspection

Is there warehouse control process and records?

- With written procedure and kept relevant records

Number of QA and QC inspection staffs : 11

Test Equipment Situation :

This report only presents the documents, files and information which collected from audited enterprise of TUV Rheinland Group, not including the subjective analysis of the enterprise status, legal advice, any suggestions related to legal issues, any compliance of local/international requirements and product testing compliance. This report reflects our findings for the particular company in concern on the date of our service only and does not discharge or release the factory/sellers/suppliers from their commercial, legal or contractual obligations with buyers in respect of products provided by the factory/sellers/suppliers.
